Getting AI to work for you

Rubens Heredia

What do you know about AI?

What AI tools have you used?

ChatGPT

Copy AI

Dall e

Quillbot

Grammarly

What actions take up most of your planning time?

Thinking of fun activities

Creating examples

Creating worksheets

Reflective feedforward

Planning the transitions

Finding real-world language examples

Principles for using AI in teaching

Personalisation

Feedback and assessment

Content curation

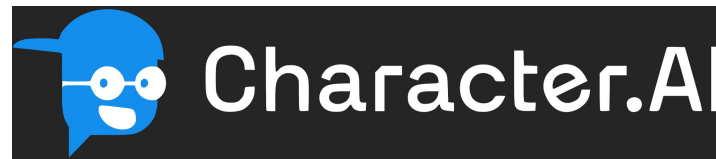

Language production

Collaboration and communication

ChatGPT (2023)

AI use for teachers

RUBENS HEREDIA JUL 01, 2021 09:36AM UTC

ChatGPT

Taboo game- choose forbidden words

Lesson plans and written materials

Fun activity for 2 13 year olds English learners b1 level to learn shopping vocabulary.

AI IN TEACHING ENGLISH TOOLS

Lesson plan on idioms

Create worksheets

create worksheets

Writing texts with chosen language point

Lesson plans

Using famous person to give task instructions

Personalized activities e.g. phrasal verbs activity for a nurse

discussion topics

ask for a text with errors for students to correct

Creating a dialog for real real-world situation

Dall e / Midjourney

Prompts and decoration

Description of photos using key language

Generate storyboards/ pictures as writing prompts

generate image with key vocab from lesson

create a spot the difference activity ??

Illustrating new vocabulary

Illustrate new vocabulary

Generate images for end of the unit test to practice the Vocabulary covered in it

Speech recognition

Pronunciation practice

Individual pronunciation practice

Pronunciation practice on homophones

Recording dialogues

Independent speaking practice and correction

Output analysis - have the students analyze their speaking and make personal improvement suggestions

D-ID

Creating videos to practice pronunciation

Listening exercises with lip movement (ask chat gpt for the script)

Students can write a presentation script and listen to how the AI says it to model their pronunciation

Grammar presentation

Convert a reading into audio

Write a short script and create a video to see how it sounds...

A video with songs practicing grammar

freak your students out by having it call them out - "Julia please stop talking"
